

Short Description

LifeLock™ with Norton™ Benefit Plans help protect your digital life by combining leading identity theft protection, device security, and more, in an always-connected world. These plans are enhanced and exclusive, with features and pricing only available through your employer.

Learn more about this new benefit offering by reviewing the attached information and enroll during open enrollment!

What if I already have identity protection through a different provider?

Not all identity theft protection plans are the same. Many provide basic credit monitoring and scores, but lack the ability to help with restoration. Years ago, that may have been enough but not with the sophisticated criminals we face today. If you are a victim of identity theft, having the ability to turn over the problems and have professionals work to fix on your behalf is truly important. In addition to full restoration services, Norton LifeLock adds extra layers of protection. **WE PROVIDE MUCH MORE.**

Required Disclaimers:

No one can prevent all identity theft or cybercrime.

Bullet Points:

- LifeLock Identity Alert System
- Credit Monitoring + Application Alerts
- Secure VPN
- Dark Web Monitoring
- U.S.-based Identity Restoration Specialists
- Million Dollar Protection Package, Including
 - Stolen Funds Reimbursement
 - Personal Expense Compensation
 - Coverage for Lawyers and Experts
- Norton Device Security for PCs, Mac & mobile devices
- Norton Family Parental Controls
- Password Manager

Long Description

LifeLock™ with Norton™ Benefit Plans help protect your digital life by combining leading identity theft protection, device security, and more, in an always-connected world. These plans are enhanced and exclusive, with features and pricing only available through your employer.

Everyday things like online shopping, banking and even browsing can expose personal information and make you vulnerable to cybercriminals and identity theft. LifeLock helps monitor your personal accounts and sends you alerts† if they detect potential threats to your identity. If you should become a victim of identity theft, we'll work to resolve it. Norton's multi-layered, advanced security helps protect against existing and emerging malware threats to your devices and helps protect your private and financial information when you go online.

Trust an employee benefit from brands who've been leaders in identity theft protection and cyber security. It's the kind of forward-thinking that combines leading identity theft protection and device security against online threats, at home and on-the-go.
