The overviews in this document are a brief description of the benefits provided by Wiss and do not take precedence over the Legal Plan Documents that govern each benefit. If there is any conflict between the wording in these summaries and the wording of the Legal Plan Documents, the Legal Plan Documents shall govern at all times.

MEDICAL BENEFITS

Wiss offers two High Deductible Health Plans (HDHPs) through Aetna.

Both medical plans are partnered with a Health Savings Account (HSA) through Inspira Financial. There are many advantages to having an HSA. The biggest benefit is the triple tax advantages that it offers — you contribute money pre-tax and reduce your taxable income, your funds grow tax-free, and any withdrawals for qualified expenses are also made tax-free.

HIGH DEDUCTIBLE HEALTH PLAN (HDHP)

The HDHP provides both in-network and out-of-network coverage.

When you visit an in-network provider, you are responsible for all medical and prescription drug expenses at a discounted rate until you meet the deductible of \$2,500 single and \$5,000 family. The discounted rate that you pay in-network is the agreed-upon, contracted rate that the provider has with Aetna.

Once you meet the deductible, all medical expenses are covered at 70% in-network on the Base plan and 90% in-network on the Enhanced plan. You are responsible for prescription drug copays. All medical and pharmacy expenses are covered at 100% in-network, once you meet the out-of-pocket maximum. **Preventive care screenings such as annual check-ups, well-child care visits and immunizations are also fully covered by Aetna in-network.**

Out-of-network benefits work similar to a traditional medical plan where all expenses are subject to the deductible and coinsurance. Remember, it is more expensive when you visit an out-of-network provider because you do not get to take advantage of the negotiated fees of in-network providers and can be balance billed.

PLAN BENEFITS	BASE HSA PLAN		ENHANCED HSA PLAN	
	IN-NETWORK	OUT-OF-NETWORK	IN-NETWORK	OUT-OF-NETWORK
Annual Deductible (Single / Family)	\$2,500 / \$5,000	\$6,000 / \$12,000	\$2,500 / \$5,000	\$2,500 / \$5,000

*Out-of-Network benefits are subject to usual and customary allowances as determined by Aetna. Amounts in excess of usual and customary allowances are the responsibility of the member.

HEALTH SAVINGS ACCOUNT (HSA)

When enrolling in the Aetna Base or Enhanced HSA plans, you'll receive a company contribution to your Health Savings Account (HSA). You can use your HSA to pay any expenses not covered by the plan. When you enroll in the HSA medical plan, an HSA bank account will be set up for you with Inspira Financial.

Eligibility Requirements

- Must be enrolled in the HSA medical plan.
- Must not be enrolled in Medicare, Tricare or VA Benefits (in the past 3 months).
- Must not be enrolled in other non-qualified medical coverage through another carrier or another family member.
- You and your spouse cannot be contributing to or participating in a general-purpose FSA through an employer.

Advantages of an HSA

- **Get free money from Wiss** - The company will contribute to your account even if you decide not to contribute. You can use these dollars to pay your medical expenses and help meet your deductible. You can also use this money for dental and vision expenses.
- **It's flexible** - Use the money in your HSA now, or save it for later. You decide when to save and when to spend. You can even save for health care expenses after you retire.

- **No "use it or lose it" rule** - The money in your HSA belongs to you. It rolls over each year, and you can take it with you if you leave the company.
- **Triple tax advantages** - (applies to federal and most state taxes)
 - Pay no taxes on money you contribute.
 - Pay no taxes on interest you earn.
 - Pay no taxes when you withdraw money for qualified medical, dental, or vision expenses.
- **You can invest your account** - Once your account balance reaches a certain amount, you can choose to invest it in a variety of investments.

HSA Contributions

Wiss will contribute **\$1,250** for single coverage and **\$2,500** for a family into your Health Savings Account, divided up among your pay periods. Below are the 2025 maximums you can contribute to the HSA. The limits below include the employer and employee annual contributions.

- **\$4,300** for an individual.
- **\$8,550** for an employee and dependents.
- **\$1,000** catch-up contribution for anyone over the age of 55.

State taxes in NJ & CA still apply. Check with your accountant for additional information.

IMPORTANT!

In order to contribute to a Health Savings Account (HSA) or receive contributions from Wiss, you and your spouse cannot be enrolled in, or have a balance, in a General Purpose Health Care FSA, which can be used for medical expenses.
